WHAT IS LEARNING LEE?

Learning Lee is designed to give residents & employees an opportunity to learn more about Lee County Government and the services provided through daily operations.

Each session will introduce a variety of topics to give participants insight on how county government functions and how the various departments play a vital role in the community.

Each session is led by the department heads. Graduates gain an appreciation for the county's capacity to meet the needs of the community.

Learning Lee is free to county residents and will be held over a 10 week period. It will be held on Tuesdays from 2 PM to 5 PM. Registration is required and is limited to 20 participants on a first come-first serve basis!

BENEFITS FOR THE COMMUNITY

The organization and the community as a whole benefit from the Citizens Academy, often in ways the board and staff did not anticipate. Some benefits include:

- The opportunity for staff members to share new county initiatives.
- A ready source of qualified and motivated applicants for appointed boards and committees.

BENEFITS FOR THE PARTICIPANTS

In exchange for this commitment of time and energy, the participants:

- Acquire a “behind-the-scenes” familiarity with the county’s services.
- Gain awareness of the county’s needs & resources.
- Build new relationships.
- Gather knowledge & personal contacts to become more effective leaders in their neighborhoods, etc.
- Discover volunteer opportunities.
- Understand the roles of County Commissioners & prepare for the opportunity to serve on boards.
